

Becoming A Healthy Church

Part One

(Monday P.M.)

1. To Be Healthy, A Church Must Be Intentional About:
 - 1) Making Disciples (unbelief to belief)
 - 2) Training Disciples (belief to maturity)
 - 3) Developing Leaders (maturity to leadership)
2. To Be Intentional About Taking People From Unbelief To Leadership Requires An Effective Plan To Do So.
3. The Present Day Church (For The Most Part) Has Embraced An Ineffective Plan For Training Disciples.

A mature and equipped believer is someone who:

- 1) is living consistently under the control of the Holy Spirit, the direction of the Word of God, and the compelling love of Christ,
- 2) has discovered, developed and are using their spiritual gifts,
- 3) has learned to effectively share their faith, while demonstrating radical love that amazes those it touches,
- 4) gives evidence of being
 - a faithful member of God's church
 - an effective manager of life, relationships and resources,
 - a willing minister to others including "the least of these", and
 - an available messenger to non-Kingdom people, and
- 5) demonstrates a life characterized as
 - gospel driven,
 - worship focused,
 - morally pure,
 - evangelistically bold,
 - discipleship grounded,
 - family faithful, and
 - socially responsible.
