

DISCIPLESHIP COVENANT

In order to glorify God by pursuing this opportunity to grow in spiritual maturity and equipping, I covenant together with this discipleship/accountability group and commit, with God's help to the following:

To attend group consistently and regularly to protect the health and stability of this group. If I am unable to make a meeting time, I will call (not text or email) my leader the day before.

If I miss more than 2 meetings, I will willingly meet with my leader to evaluate the best way to care for the group as a whole. My actions and level of commitment directly impact others, so I will love them by considering them first.

To protect the confidentiality of my group. I pledge to keep whatever is shared in this group confidential so as to encourage trust, openness, and honesty. This is how I will love the members of my group.

To be prompt in attendance. I know that this group will meet each Sunday at 5pm.

To engage in daily personal worship. This includes a commitment to spend time in prayer and Bible reading in order to grow in my relationship with God.

To participate in group discussion and activities. I will be ready and willing to give an account of my spiritual progress on a weekly basis for the purpose of accountability for greater spiritual growth. In order to contribute and get the most out of group time, I will commit to read the assigned readings and complete the discussion questions each week.

I understand that the term of this group is from September to May.
