

Share the Good News in Europe, June 2019

Vision

Can God use you to reach Muslims with the gospel? **Absolutely.** One in three non-Christians in the world is a Muslim, yet only 6% of missionaries are working among Muslims. Take the first step to making a difference.

Purpose

In the context of a mentored internship of training and doing, you will learn to share the gospel with Muslims and how to respond to their common objections to Christianity. **You will learn** about the culture of people from South Asia and be able to engage them in conversation. **Expect to be changed** as you learn together in community to explain the good news about Jesus cross-culturally and apply that gospel of grace to your life. **Expect God** to use this experience to change who you are and what you do back home.

Why Should You Go?

The context is working alongside an English-speaking, nationally-led church plant in a mostly South Asian neighborhood in Europe. Participants must be willing to step out of their comfort zone and initiate new contacts that the church can follow-up.

Our desire is that participants will grow in their love for God, love for the church and love for the lost, especially Muslims. **Come investigate** how God can use you to reach Muslims.

Dates: June 7-17, 2019

Cost: \$820 per person, estimated
(based on double occupancy, airfare not included)
(housing costs may increase as time gets closer)
