Jhi Retreats

Jhi Missions Week

June 23 - June 28

Available to current 6th, 7th and 8th grade students. Jhi Missions Week is an in-town missions project designed to encourage Jhi students to serve where they live, work and play. This week helps students build a community with other students centered on serving and has been a catalyst for students becoming part of the Jhi Servant team. Jhi Missions Week students will work alongside the Corners Outreach Ministry to help host a summer camp and serve children in need in the community. It's going to be an amazing week! perimeter.org/JhiMissionsWeek

RUSH Conference

Monday, July 8 – Thursday, July 11

A Christ-centered conference for students, by students. It is unique because it is entirely student led. Students speak, lead worship, and facilitate small groups, the whole deal (even pick up trash). Your students will experience a conference completely relevant to their own lives, as they step into an encounter with truth, the Gospel, and most importantly, an encounter with the living God. It includes main sessions and in-depth seminars, community missions projects, and a visit to Sky Zone all targeted to meet the needs of Jhi students! Register at perimeter.org/Rush

Fall Retreat 2019

Friday, September 20 – Sunday, September 22

Save the Date! Jhi 7th and 8th graders are invited to the Fall Retreat at Woodlands Camp! This is a great opportunity to get away from daily life, spend time with God, and build community with other Jhi students and leaders. We'll enjoy fun activities at the camp such as paintball and high ropes, worship together, and seek to grow in Christ together as we learn more about prayer. Registration will open August 13. Register by yourself, with a friend, or with your discipleship group!

Jhi Parent Serving Opportunities

We have great opportunities for parents to serve in the Jhi Ministry! Our most critical need is for leaders in our discipleship groups on Sunday. We are also always looking for adult volunteer to serve one Friday a month at Jhi LINK. We need and love for parents to speak into the lives of our middle school students. Developmentally, we're working with students who are asking big questions. Who am I? Do I belong? Do I have anything significant to contribute? Parent leaders are important! jhi@perimeter.org

Learn to navigate your teen in today's culture through this monthly seminar led by Pastor of Student Families Jeff Summers and his wife, Cami. Jeff has been in youth ministry for 20 years and is a father of four. He has extensive experience in helping parents steer through today's cultural pitfalls. perimeter.org/ParentU.
